Reviews

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2012. Paperback. Book Condition: New. 277 x 213 mm. Language: English . Brand New Book ***** Print on Demand *****.For a jazz piano player, chord voicings is an essential skill, not only for comping (accompanying or laying the chord progression for other players to improvise in) but also to use those voicings as an improvisational aid. All piano players get many melodic ideas or lines from their voicings.There are many ways of practicing and developing a Jazz voicing language. We all know how massive the amount of available combinations is, it seems almost infinite.A standard approach in creating, learning and/or developing voicings is stacking simple voicings/structures on top of other simple ones. In this manner a richer and more complex sound is created. These structures/chords/voicings are usually called Upper StructuresQuartals as Structures Quartal voicings have become a standard in modern jazz. Their ambiguity in sound allows the jazz player to travel through unexpected paths, sometimes deceiving, sometimes surprising the listener with their unresolved quality. Although quartals are often used in improvisation and comping, it is not surprising that there is no standard chord notation for them due to its lack of harmonic direction (or function) and consequentially rarely used by composers as a source in their compositions.Practicing with these books Every book in this collection uses the same practice method. Each exercise targets a specific upper structure triad, or a progression using USQs, and is introduced by a graph of the USQ (or pair of USQs in the case of a IIm-V7 progression) with all its properties (Tensions, Chord Tones, suggested mental picture and other info).A log is included which permit the students to organize their practice routine in blocks of 2 weeks. The student should write the starting day for that block and keep track of...
